Redmine - Patch #1743

Don't display 'show_diff' button on wiki's history page if there is only 1 version

2008-08-04 16:47 - Chaoqun Zou

Status:	Closed		**Start date:**	2008-08-04
Priority:	Normal		**Due date:**	
Assignee:	Eric Davis		**% Done:**	100%
Category:	UI		**Estimated time:**	0.00 hour
Target version:	0.8			

Description

On wiki's history page, if there is only 1 version, the radio buttons are hided but the show_diff button is still displayed.

To change this, modify the views\wiki\hisory.rhtml at line 33:

<%= submit_tag l(:label_view_diff), :class => 'small' %>

to:

<%= submit_tag l(:label_view_diff), :class => 'small' if show_diff %>
