<b>Description</b>			
<p><a href="#">Link</a> does not display as Link but display as the plain text.</p> <p>I attached the wiki and html files in data.zip.</p> <p>I used firefox save page complete mode to save the css and javascript.</p> <p>Configuration of my system.</p> <ul style="list-style-type: none"><li>- windows as the server</li><li>- ruby 1.8.6</li><li>- rails 1.2.6</li><li>- redmine v0.6.3</li><li>- mongrel 1.1.3</li><li>- mongrel service 0.3.3</li><li>- redcloth 3.0.4</li><li>- coderay 0.7.4.215</li></ul>			

### History

#### #1 - 2008-01-05 06:24 - Jean-Philippe Lang

[Link](#) is not displayed as a link because your project has no wiki (go to project settings to enable it by entering a start page name).

Keep in mind that [Link](#) will point to the Wiki Page named Link but will not point to a Document.

Please use the wiki instead of the documents if you want to be able to link easily between pages.

#### #2 - 2008-01-05 09:31 - Praphan Theeravanvilai

Thanks for reply.
