Description Hi every body, I would like spent time field required when editing an issue. According the use we have of redmine, it's vital that, when editing the issue (inputing note), the spent time field is required. I would, please, like to know if there is a way of doing it or if it is already possible. Best regards

- Status changed from New to Closed
- Resolution set to Invalid

Please ask questions on the forums, there are plugins to do this, this one seems recent: https://github.com/eyp/redmine_spent_time
