Redmine - Defect #17664

Project-specific custom fields should also be searchable when showing all issues - if the user only has this project assigned

2014-08-12 13:50 - Kevin Palm

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Custom fields		**Estimated time:**	0.00 hour
Target version:				
Resolution:			**Affected version:**	2.4.4

Description

Currently the user cannot search on a searchable custom field in the complete issue list ([redmineUrl]/issues).
Generally speaking, this is normal, since the mentionned custom field is project-specific and is only displayed if listing issues of the project ([redmineURL]/projects/[project]/issues)
But if the project of this field is the only project a user can access, than the project-specific fields should also be searchable...
Currently, in this case, it is difficult for the user to understand when he can and when he can't search on the custom-field...
