Target version:			
Resolution:	Invalid	**Affected version:**	

Description

To option << me >> does not appear in a cutom field of type users.
I read here (#9923) that it was added. But it seems not to work. Or I'm missing any configuration therefor.

History

#1 - 2014-08-26 14:42 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid
