

Redmine - Defect #178

Themes don't work with Rails 2.x

2008-01-06 14:21 - Thomas Löber

Status:	Closed	Start date:	
Priority:	Normal	Due date:

Target version:		Affected version:	
Resolution:			
Description			
Themes don't work with Rails 2.x because "stylesheet_path" is not called.			
The workaround is to define "path_to_stylesheet" and call "stylesheet_path" from there.			
An "alias" doesn't work here because of the "super" call in "stylesheet_path".			

History

#1 - 2008-01-07 15:15 - Jean-Philippe Lang

Thanks. Fix committed in trunk in [r1047](#).
