<b>Description</b> I see page <a href="http://www.redmine.org/projects/redmine/wiki/Rest_Attachments">http://www.redmine.org/projects/redmine/wiki/Rest_Attachments</a> does not say anything about deleting attachments, so I assume it is not supported. can you please implement this? then I can add support for this in Redmine Java API ( <a href="https://github.com/taskadapter/redmine-java-api/issues/106">https://github.com/taskadapter/redmine-java-api/issues/106</a> )
