

Redmine - Defect #18032

Continued numbered lists (#_) are not working as the textile syntax expects

2014-10-04 23:06 - Michel Behr

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:		Affected version:	2.5.2
Resolution:			
Description			
1. Item 1			
Some text			
#_ Item 2 (counting continued from the last Item, with the #_ marker)			
Some text			
#_ Item 3 (counting continued from the last Item, with the #_ marker)			
Each item should be rendered as 1, 2, 3, but this is not happening.

- Textile also specifies starting numbering from specified number like this:
- !# Item 1 (ignore the exclamation mark)
random text
#4 Item 2
- Result should look like this:
1. Item 1
random text
4. Item 4
- #3 - 2014-11-20 12:40 - Toshi MARUYAMA**
- Related to Feature #18397: Outline numbering added

- hello, i was confronted with the same problem but i think, i managed to solve it (with space on the following line after "#"; " _" means a space, because otherwise it would not display it riht):
- written:
- # first item
_description of the first item
continuing the list with item 2
this is item 2.2.
- if you want a break between for between example 1. and 2. (please mind, " _" is a space the linebreak is " ");

first item
_ ;
second item

displays:

1. first item
description of the first item
2. continuing the list with item 2
1. this is item 2.2.

if you want a break between for example between 1. and 2. (please mind, " _ " is a space the linebreak is " " "):

1. first item
2. second item

i hope its not too late (and sorry i had to correct it several times), cheers
