

Redmine - Defect #18248

Error when trying to delete project : uninitialized constant

2014-10-31 08:09 - Thibaut Comte

Status: Closed	Start date:
Priority: High	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Affected version: 2.6.0
Resolution: Invalid	

Description

Hi everyone,
i am login to redmine as administrator, then go to admininstraion/projects --> select a project --> then click delete a repository --> then say "yes" to delete. i got this error message:

Internal error
An error occurred on the page you were trying to access.
If you continue to experience problems please contact your Redmine administrator for assistance.
If you are the Redmine administrator, check your log files for details about the error.

Here is the log:
@Connecting to database specified by database.yml

Anyone have any clue on how to fix this please?

History

#1 - 2014-10-31 08:29 - Thibaut Comte

After different attempts, i found out that it was the redmine_contacts_invoices plugin that provoked the error.

I just removed it.

#2 - 2014-10-31 08:30 - Toshi MARUYAMA

- *Category deleted (SCM)*
- *Status changed from New to Closed*
- *Resolution set to Invalid*
