Redmine - Defect #18280

closed_on missing when closed status of issue status changed

2014-11-05 11:42 - Felix Schäfer

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:	2.6.1			
Resolution:	Fixed		**Affected version:**	2.6.0

Description
When the status of an existing issue status is changed to "closed", the closed_on column of issues that have or had that status is not set/updated. This causes a discrepancy between Issue#closed? that can be true with Issue#closed_on being null.

Tested and confirmed on trunk.
