**Description**

This patch improves the column selection on the 'Issues'-page. This patch allows to move multiple columns up and down in the selection list, not only a single column.

## History

**#1 - 2014-11-17 04:31 - Mischa The Evil**

*- Subject changed from Improvement of column selection to Improvement of column selection: allow to move multiple columns in selection list*

*- Target version set to Unplanned backlogs*

I like it. It makes column selection and ordering consistent, as it is already possible to add and remove multiple columns.

I set target version to unplanned because I think both candidates don't fit well at the moment of writing and there is no other feedback yet.

*- Status changed from New to Resolved*

*- Assignee set to Jean-Philippe Lang*

*- Target version changed from Unplanned backlogs to 2.6.1*

Committed in r13610, thanks for this patch. I think we can merge it into 2.6-stable.

**#3 - 2014-11-22 11:45 - Jean-Philippe Lang**

*- Status changed from Resolved to Closed*

Merged.
