### History

#### #1 - 2008-11-10 21:16 - Karl Heinz Marbaise

- *Category set to Wiki*

#### #2 - 2010-02-25 02:18 - Rex McConnell

- *File application\_helper.rb.patch added*

DISCLAIMER: Firstly, I have only been using Redmine for a month now. Secondly, I have never touched Ruby before.

Attached is a patch I made for redmine/app/helpers/application\_helper.rb that implements wiki links for "News" resources. I am not sure if it is 100% complete and/or accurate, but it seems to be working flawlessly on v0.9.0.

I hope it helps others looking to make wiki links to their news. :)

#### #3 - 2011-12-05 00:30 - Mischa The Evil

- *Category changed from Wiki to Documentation*

- *Assignee set to Mischa The Evil*

Superseded by [#9600](#), implemented with [r7840](#) for Redmine [1.3.0](#). This commit remains to be documented though.

```
# forum
forum#2          => link to forum with ID 2
forum:Discussion => link to forum with name 'Discussion'

# news
news#1          => link to news item with ID 1
news:"eCookbook first release !" => link to news item with name 'eCookbook first release !'
```

#### #4 - 2013-10-12 04:58 - Mischa The Evil

- *Status changed from New to Closed*

[...] This commit remains to be documented though. [...]

Documentation added to [RedmineTextFormatting](#). The inclusion of this documentation in [source:/trunk/public/help/en/wiki\\_syntax\\_detailed.html](source:/trunk/public/help/en/wiki_syntax_detailed.html) will

follow via issue [#13497](#).
