Redmine - Defect #18913

Roadmap View from within Sub-project not complete

2015-01-20 19:11 - James H

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Roadmap		**Estimated time:**	0.00 hour
Target version:				
Resolution:			**Affected version:**	2.6.0

Description

I have many versions that are available to the entire project tree.

Viewing the roadmap from within a sub-project causes only several versions to display. Viewing the roadmap from the top project shows all versions correctly and as expected.

History

#1 - 2015-01-20 23:26 - James H

Edit:

All completed versions do show up in the roadmap within sub-projects.

Only SOME of the on-going versions show up in the roadmap within a sub-project. Interestingly, the list seems to get shorter and shorter as I delve deeper into the hierarchy tree, as if theres some sort of LIMIT being applied.
