Redmine - Defect #18995

Problem with Clean up - migration 2.5 to 2.6

2015-02-01 20:16 - Ladislav Nesnera

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Administration		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	2.6.1

Description

```
# bundle exec rake tmp:cache:clear tmp:sessions:clear
rake aborted!
Mysql2::Error: Access denied for user 'root'@'localhost' (using password: NO)
/var/lib/gems/1.9.1/gems/mysql2-0.3.17/lib/mysql2/client.rb:70:in `connect'
/var/lib/gems/1.9.1/gems/mysql2-0.3.17/lib/mysql2/client.rb:70:in `initialize
..
..
/var/lib/gems/1.9.1/gems/railties-3.2.21/lib/rails/railtie/configurable.rb:30:in `method_missing'
/usr/local/lib/redmine/Rakefile:7:in `<top (required)>'
(See full trace by running task with --trace)
```

Redmine works well after apache restart but only for first look. There is no datepicker, Notes preview or Description editing.
When I tried downgrade I met with this defect #18779

History

#1 - 2015-02-02 03:56 - Toshi MARUYAMA

- Status changed from New to Closed

- Resolution set to Invalid

Obviously, your user and password in config/database.yml are wrong.

#2 - 2015-02-06 22:39 - Ladislav Nesnera

Big thanks Toshi. It solved my problem.
I met with another one "database configuration does not specify adapter". Solution is to append parameter RAILS_ENV=production. It would be possible to update wiki instructions - http://www.redmine.org/projects/redmine/wiki/RedmineUpgrade#Step-5-Clean-up

#3 - 2015-02-06 23:30 - Jean-Philippe Lang

Wiki updated, thanks.
