

Redmine - Feature #19048

Test e-mail works fine, but e-mail notifications aren't send to users.

**Description**

Hello Guys,

I have installed Bitnami Redmine on SO win 7.

The test e-mail works fine, but Redmine dont sent e-mails notifications when some issues were created or updated, the users are enabled for receive e-mails.

More details:

Environment:

Redmine version 2.6.1.stable

Ruby version 2.0.0-p594 (2014-10-27) [i386-mingw32]

Rails version 3.2.21

Environment production

Database adapter Mysql2

configuration.yml file:

-----

email\_delivery:

delivery\_method: :smtp

smtp\_settings:

address: myaddress.com

port: 25

domain: none

authentication: :none

-----

I use MS Exchange e-mail configuration without autentification.

Thanks in advance.
