<b>Description</b> Good Afternoon,  (at least on the west coast of North America it's afternoon ;) )  On the redmine plugin webpage there is no link to the the plugin tutorial, but there is a broken link to the "Plugin API"  Referring webpage: <a href="http://www.redmine.org/wiki/redmine/Plugins">http://www.redmine.org/wiki/redmine/Plugins</a>  Needed link: <a href="http://www.redmine.org/wiki/1/Plugin_Tutorial">http://www.redmine.org/wiki/1/Plugin_Tutorial</a>  I would have edited the page myself as it seemed to be in the wiki section, but I don't think I have access.....  Also, Is there a tracker to the webpage? Or an open thread I'd be willing to volunteer to help with documentation and/or website maintenance.  David
