Wrap parent task title on the issue list (#19120).

Merged r14025 (#19120).

History

#1 - 2015-02-17 13:38 - Felix Schäfer

- File 19120.patch added

The attached patch makes whitespace breaking again for table cells with parent task names, in the same way as for the issue subjects.

It might also be good to have whitespace wrap in project titles in the issue list, i.e. with the additional tr.issue td.project matcher in that rule.

#2 - 2015-02-17 14:33 - Toshi MARUYAMA
