

Redmine - Defect #1916

1 issue with issues after migration

2008-09-17 08:10 - Jonathan Hall

Status:	Closed	Start date:	2008-09-17
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		

Description

Have done the db:migrate cache clear and restarted the service a number of times but still one of my issues has issues

ActionView::TemplateError (undefined method `description' for #<Attachment:0x600f194>) on line #4 of attachments/_links.rhtml:

```
1: <div class="attachments">
2: <% for attachment in attachments >
3: <p><= link_to_attachment attachment, :class => 'icon icon-attachment' ->
4: <= h(" - #{attachment.description}") unless attachment.description.blank? >
5: <span class="size"><= number_to_human_size attachment.filesize ></span>
6: < if options[:delete_url] >
7:   <= link_to image_tag('delete.png'), options[:delete_url].update({:attachment_id => attachment}),
```

Rendering E:/RedMine/public/500.html (500 Internal Server Error)

History

#1 - 2008-09-17 14:24 - Thomas Lecavelier

Which version of redmine are you using? 0.7.3 is not compatible with Rails 2.1.1. You can freeze rails 2.1.0 this way:

```
rake rails:freeze:edge TAG=rel_2-1-0
```

#2 - 2008-09-17 19:09 - Jean-Philippe Lang

Can you also check that you have a 'description' column in your 'attachments' table please ?

#3 - 2008-09-18 00:45 - Jonathan Hall

I couldn't get in yesterday so created a new user account with the above, apologies if this causes any confusion

Now did the rake; no joy

There is no column in the attachments table called 'description'

Regards,
Jon

#4 - 2008-09-19 01:56 - Jonathan Hall

Using dev ed 1866

Not sure if I should start a new issue but also have the below issue:
Also have an issue with 'new issue'

@Processing IssuesController#new (for 192.168.1.104 at 2008-09-19 09:57:04) [GET]
Session ID: 42698ad29a8101c32b96b89ef09398de
Parameters: {"project_id"=>"trans", "action"=>"new", "controller"=>"issues"}
Rendering template within layouts/base

```

```

Rendering E:/RedMine/public/500.html (500 Internal Server Error)@

Regards,

#5 - 2008-09-19 06:42 - Jonathan Hall

- File RedMine-Error.txt added

Uninstalled rails and installed 2.1.0 then froze it.

No joy, attached is the error logs for not being able to load a new issues or issue 1004

Regards,

#6 - 2008-09-19 14:28 - Jean-Philippe Lang

The problem is not related to Rails. Some columns are missing in your tables. It just can not work.
It looks like you didn't properly migrate your database after upgrading. Can you post the exact result of this query:

```
SELECT * FROM schema_migrations;
```

#7 - 2008-09-21 22:11 - Jonathan Hall

- *File Redmine.csv added*

Attached

#8 - 2008-09-23 02:12 - Jonathan Hall

- *Status changed from New to Resolved*

Created a new Redmine from scratch and then used Mysql Administrator to create the missing columns

In table attachments, column 'description' was missing
In table Custom_fields column 'default_value' was missing

#9 - 2008-09-23 11:50 - Jean-Philippe Lang

- *Status changed from Resolved to Closed*
- *Resolution set to Invalid*

To be honest, I can't see why these columns were absent from your database since the corresponding migrations are listed in your schema_migrations output, so they should have been executed.
I close this ticket since you find a solution and I'm not able to reproduce this problem.

Thanks for the feedback.

#10 - 2008-09-23 12:24 - Jonathan Hall

One thing to note .. I was upgrading from about build 1170 or so

But after a day of being in production no other errors have emerged

Cheers!
