Do I understand correctly: You only see "en-us" and nothing else in the dropdown?

**#2 - 2015-03-01 15:34 - Glaubert Dumpierre**

Sorry, my mistake, the correct description would be:

```
After installation does not appear the Portuguese language (Brazilian) "pt-BR" for selection, only Portuguese
of Portugal.
```

All other languages appear

The format of language names is  *"english name (native name)"* from r13909, but I forgot to fix pt-BR in the patch attatched to #13120.

I wrote a new patch to fix it. Mr. Maruyama, could you please merge it to trunk?

Is it correct changing status to "Closed"?
[r14051](#) is not yet merged to 3.0-stable.
And CI server does not have 3.0-stable.

Thank you for adding 3.0-stable on CI server.
But 3.0-stable on CI server does not have SQLServer environment.
