

Redmine - Defect #19253

Repository users broken if only one committer exists

2015-03-03 12:10 - Kevin Neuenfeldt

| Target version: | 3.0.1 | Affected version: | 3.0.0 |
| Resolution: | Fixed | | |
| Description | | | |
| First thanks for the great work and the new major version. | | | |
| I just updated from 2.6.1 to 3.0.0. My environment looks like the following: | | | |
| Environment: | | | |
| Redmine version 3.0.0.stable | | | |
| Ruby version 1.9.3-p484 (2013-11-22) [x86_64-linux] | | | |
| Rails version 4.2.0 | | | |
| Environment production | | | |
| Database adapter PostgreSQL | | | |
| When I navigate to the repository tab of a projects settings where only one committer contributed to the repository and click on "Users" I get the following error: | | | |
| Started GET "/repositories/8/committers" for xxx at 2015-03-03 12:02:24 +0100 | | | |
| Processing by RepositoriesController#committers as HTML | | | |
| Parameters: {"id"=>"8"} | | | |
| Current user: xxx (id=1) | | | |
| Completed 500 Internal Server Error in 18ms | | | |
| NoMethodError (undefined method `compact!' for #<User::ActiveRecord_Relation:0x007f8d1586a480>): | | | |
| app/controllers/repositories_controller.rb:98:in `committers' | | | |
| This does not happen if the repository I want to configure has more than one contributor. | | | |

Associated revisions

Revision 14053 - 2015-03-07 17:21 - Jean-Philippe Lang

Fixed undefined method `compact!' error when additional_user_ids is empty (#19253).

Revision 14062 - 2015-03-08 10:44 - Jean-Philippe Lang

Merged r14053 (#19253).

History

#1 - 2015-03-03 12:25 - Toshi MARUYAMA

- Target version set to 3.0.1

#2 - 2015-03-05 00:01 - Dmitry Popov

I fixed it by adding .to_a on line 97

```
@users = @project.users.to_a
```

#3 - 2015-03-07 17:22 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Fix committed in [r14053](#) with a test. Thanks for pointing this out.
