Redmine - Feature #19350

Add version date in issue detail and Gantt

2015-03-11 17:03 - Patrice Huguenin

Status:	Closed	**Start date:**	
Priority:	Low	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:			
Resolution:			

Description
When we look inside an issue, it will be sweet to have the version date close to the version number.   For the end-user, the release number will only be a "technical" information, but the real need is "when can i have my issue..."   For my projects, we added it in the version name, but ugly when we saw the roadmap.   Option : Gantt diagram

History

#1 - 2015-03-13 02:22 - Go MAEDA

- Related to Feature #17431: Display a target version's date if available in issue forms, as a tooltip added

#2 - 2015-03-13 02:32 - Go MAEDA

we can see the date as a tooltip since Redmine 2.6 ([#17431](#)), but it is not so obvious.

#3 - 2015-03-16 14:12 - Patrice Huguenin

- Status changed from New to Resolved

Thanks for the tip. Enough for my case

#4 - 2015-03-17 01:11 - Go MAEDA

- Status changed from Resolved to Closed

Thanks for feedback. I am happy to hear that it is useful for you.
I close this feature request.
