Redmine - Defect #19464

Possible to log time on project without time tracking

2015-03-24 12:30 - Massimo Rossello

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Time tracking		**Estimated time:**	0.00 hour
Target version:	3.0.2			
Resolution:	Fixed		**Affected version:**	3.0.1

Description

How to reproduce:

- go to /my/page
- add the "Spent time" block
- click "Log time"
- issue autocompletion shows issues into projects where 'time tracking' is disabled, too
- add time entry for such an issue
- timelog is shown in the Spent time block in My Page
- click "Spent time" link in the block

Results:

- the added time log entry is not displayed in the Spent time page
- there is no way to delete the time entry unless the 'time tracking' module is enabled in the issue's project

Expected:

- user not allowed to add timelogs on issues into projects where the time tracking module is not enabled

Tried with redmine 3.0.1 but should be present in older versions too

Associated revisions

Revision 14162 - 2015-04-12 09:37 - Jean-Philippe Lang

Fixed validation when logging time on issue (#19464).

Revision 14206 - 2015-04-25 09:35 - Jean-Philippe Lang

Merged r14162 (#19464).
