

Redmine - Defect #19532

duplicate update entries in activity list

2015-03-31 08:45 - Fabien Camous

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Activity view	Estimated time:	0.00 hour
Target version:		Affected version:	3.0.0
Resolution:	Duplicate		

Description

since I moved to redmine 3.0, I'm getting strange duplicate rows in the activity list. I first thought it was only impacting the project where I've enabled redmine_agile plugin but in reality it impact all projects.

I've tried to search in redmine existing defect list but with no luck; I've looked in the database and I can't see duplicate rows, so I assume the display is duplicated at runtime.

any though ?
