

## Redmine - Patch #19655

### Set a back\_url when forcing new login after session expiration

2015-04-17 16:47 - Holger Just

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Jean-Philippe Lang	<b>% Done:</b>	0%
<b>Category:</b>	Accounts / authentication	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	2.6.5		
<b>Description</b>			
<p>Right now, when a session expired (either due to long inactivity or general maximum duration), the user is redirected to /login without a back_url. After login, the user is thus lost and doesn't return to where they were. This is thus a deviation from the normal forced authentication flow.</p> <p>The attached patch, we extracted from <a href="#">Planio</a> fixes this by re-purposing the existing means for a proper redirect to /login and thus sets a matching back_url. The patch is made against current trunk at r14180 but should also apply cleanly to all prior versions until at least 2.5.</p>

Set a back\_url when forcing new login after session expiration (#19655).

Patch by Holger Just.

##### Revision 14249 - 2015-05-10 09:21 - Jean-Philippe Lang

Merged r14245 (#19655).

##### Revision 14253 - 2015-05-10 09:26 - Jean-Philippe Lang

Merged r14245 (#19655).

#### History

##### #1 - 2015-04-17 16:47 - Holger Just

- File 0001-Set-a-back\_url-when-forcing-new-login-after-session-.patch added

##### #2 - 2015-04-17 21:49 - Sebastian Paluch

Duplicates #18980.

##### #3 - 2015-04-17 21:55 - Holger Just

Compared to #18980, this patch doesn't duplicate the behavior or require\_login and contains working tests.
