I cannot reproduce on Redmine without plugins.  
I think your plugin causes error.  
What format is your custom filed? (e.g. Text)  
I think your plugin overrides Redmine code.

#### #2 - 2015-04-24 18:32 - Zack Shahan

I have found that the redmine\_jenkins plugin is causing this issue. I have filed a issue with the author of the plugin.
