Description

I noticed this in 3.0.3 but I think the issue was introduced with [this](#) change.

This is on Linux with the 3.0.3 tarball, rails 4.2.1, ruby 2.2.2-p95, CVS 1.12.13 and mysql 5.6.24 with the msyql2 adapter.

A quick fix that seems to work is:

```
diff --git a/lib/redmine/scm/adapters/cvs_adapter.rb b/lib/redmine/scm/adapters/cvs_adapter.rb

but I'm not sure if something should be done with the encoding.

I think we can revert this "line = line.strip" addition because Redmine 3.0 does not support JRuby.
