

## Redmine - Patch #20121

### Respect working days configuration when sending reminder emails

2015-06-17 18:24 - Alexander Stehlik

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Email notifications	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	Candidate for next major release		

#### Description

Currently the reminder rake task will search for issues that are due in x days in the future without checking the working days configuration of redmine

The attached patch introduces a new argument for the rake task: `respect_nonworking_days`. When this argument is TRUE, the working days setting will be respected when calculating the days in the future. E.g. when 7 days are requested and in this period are 2 non working days, the query will search for issues that are due within 9 days.

#### History

##### #1 - 2015-06-17 19:01 - Alexander Stehlik

- File `redmine-reminder_respect_nonworking_days-v2.diff` added

Version 2 fixes a problem when the end day is in the middle of the weekend and adjusts the email templates.

##### #2 - 2015-07-17 13:37 - Toshi MARUYAMA

Could you add tests?

source:tags/3.0.4/test/unit/mailer\_test.rb#L598

##### #3 - 2016-12-24 05:07 - Go MAEDA

- Subject changed from *Respect working days configuration when sending reminder emails* to *Respect working days configuration when sending reminder emails*

- Target version set to *Candidate for next major release*
