Target version:	3.1.0		

Description

In test fixtures, as user '1' (admin) is a member of project '5', this member should also have a role. We should add this missing member_role:

```
/test/fixtures/member_roles.yml:  
  role_id: 2  
  member_id: 10  
  inherited_from: 10  
+member_roles_012:  
+ id: 12  
+ role_id: 1  
+ member_id: 8
```
