

Redmine - Defect #20257

Read-only essential custom field at the time of ticket editing

2015-07-07 04:50 - n endo

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:		Affected version:	3.0.0
Resolution:	Duplicate		
Description You set required for the custom field X of X tracker. Set the read-only from the "authority to the field" for the custom field X of X tracker. When you create a ticket to the new, because the default value is set in the custom field X, you can create a ticket without a problem. Edit the ticket, when you have selected the X tracker, for the custom field A, to not set a default value, it can not be created ticket. This is, What specification? Or would bug?
