| <b>Target version:</b>   |         | <b>Affected version:</b> | 3.1.0     |
| <b>Resolution:</b>   | Invalid |                          |           |
| <b>Description</b>   |         |                          |           |
| I just made the switch to redmine 3.1.0 and everything works great except for clicking on the username link.   |         |                          |           |
| example: <a href="http://redmine.dummysite.com/users/90">http://redmine.dummysite.com/users/90</a> results in 500 internal error.  |         |                          |           |
| Log below:   |         |                          |           |
| <pre>Started GET "/users/1" for 104.5.4.92 at 2015-08-04 00:46:11 +0000 Processing by UsersController#show as HTML   Parameters: {"id"=&gt;"1"}   Current user: admin (id=1) Completed 500 Internal Server Error in 31ms (ActiveRecord: 7.4ms)  NoMethodError (undefined method `find_events' for #&lt;Class:0x0000000c0197b0&gt;):   lib/redmine/activity/fetcher.rb:91:in `block (2 levels) in events'   lib/redmine/activity/fetcher.rb:90:in `each'   lib/redmine/activity/fetcher.rb:90:in `block in events'   lib/redmine/activity/fetcher.rb:89:in `each'   lib/redmine/activity/fetcher.rb:89:in `events'   app/controllers/users_controller.rb:75:in `block (2 levels) in show'   app/controllers/users_controller.rb:73:in `show'   lib/redmine/sudo_mode.rb:63:in `sudo_mode'</pre> |         |                          |           |

History

#1 - 2015-08-04 03:06 - angie brandt

To be more specific I upgraded from redmine 1.2.x .

#2 - 2015-08-04 20:28 - angie brandt

- Status changed from New to Resolved

Problem ended up being related to the redmine\_pastebin plugin, resolved by uninstalling the other version and using this fork instead: [https://github.com/florentsolt/redmine\\_pastebin](https://github.com/florentsolt/redmine_pastebin)

#3 - 2015-08-15 16:27 - Toshi MARUYAMA

- Status changed from Resolved to Closed

- Resolution set to Invalid

Thank you for your feedback.
