History

#1 - 2015-08-05 01:01 - Toshi MARUYAMA

- Status changed from New to Needs feedback
- Priority changed from Urgent to Normal

See [Submissions](#).

#2 - 2015-08-05 18:49 - Omer Arslan

Environment: Windows Server 2008, MySQL Database Server, Redmine 3.1.0.

After creating a note in an issue, you can not update the note even you have the required privileges. You can preview the updated note but you can not save it.

I noticed that this error occurs when you use Internet Explorer 11 version. If you use chrome, firefox or IE 8 version this error does not occur. But as an intermediate redmine user i could not find the reason behind the error.

#3 - 2015-08-15 16:25 - Toshi MARUYAMA

I cannot reproduce on my IE11.  
Please give us what plugins you use.

#4 - 2015-08-26 09:18 - Fabien Camous

reproducible on my side

- chrome ok
- firefox ok
- IE11 nok

no JS error in console

**#5 - 2015-09-28 15:03 - Go MAEDA**

- *Status changed from Needs feedback to Closed*
- *Resolution set to Duplicate*
- *Affected version changed from 3.1.0 to 3.0.4*

Probably your IE is falling back to IE 7 enterprise mode because of some configuration.  
Please try the patch attached on [#20380](#).

Closing this issue as a duplicate.

**#6 - 2015-09-28 15:04 - Go MAEDA**

- *Is duplicate of Defect #20380: Cannot assign users to projects with IE set to compatibility mode added*
