<b>Resolution:</b>			
<b>Description</b>			
<p>I tried giving the <a href="#">Custom Workflows</a> plugin a zero-star rating because of my security concerns. Unfortunately, my rating was not saved. When I repeated the rating with 1 star, it was saved.</p> <p>Assigning this directly to you, Jean-Philippe, because I think no one else can fix this, or is the code for the plugin directory available somewhere?</p>
