

## Redmine - Feature #20812

### Highlight overdue issues and private issues in issue list

2015-09-23 03:51 - Go MAEDA

<b>Status:</b> New	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b> UI	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> Candidate for next major release	
<b>Resolution:</b>	
<b>Description</b>	
Although CSS class 'overdue' on issues was implemented by #2337, default application.css does not highlight overdue issues yet except for gantt.	
This patch makes overdue issues and private issues clearly distinguishable in issue list.

- Target version changed from Candidate for next major release to 3.2.0

##### #4 - 2015-10-21 20:41 - Jean-Philippe Lang

I agree on displaying the due date in red on an issue that is overdue (second screenshot).

But for the issue list, I don't know. I find it confusing to have almost the same color the 2 really different things (overdue/private). And some people only use private issues in their projects, that would make a lot of red on the issue list.

##### #5 - 2015-10-22 07:11 - Go MAEDA

- File issues-list-v2.png added

- File highlight-private-and-overdue-issues-v2.diff added

Thanks for reviewing this.

*But for the issue list, I don't know. I find it confusing to have almost the same color the 2 really different things (overdue/private). And some people only use private issues in their projects, that would make a lot of red on the issue list.*

Updated the patch.

Like private note, red border on the left. Private and overdue are clearly identifiable.

- Target version changed from 3.2.0 to Candidate for next major release

r14732 displays the due date in red on overdue issue details.

Styling the issue list is a nice thing but it's not easy to find something that is OK for most people. I personally wouldn't like to have all overdue issues displayed in red on the issue list.
