

Redmine - Defect #21069

Hard-coded label for hour

2015-10-26 15:10 - Fabrice ROBIN

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	3.2.0	Affected version:	3.1.1
Resolution:	Fixed		
Description			
<p>The commit r14273, which has been merged into the 3.1 branch, introduced an error as a "h" label is hard-coded in the function l_hours_short:</p> <pre>"%.2f h" % hours.to_f</pre> <p>This label should be translated through i18n. Asian users will surely report this anomaly.</p>			

Associated revisions

Revision 14759 - 2015-10-29 15:01 - Jean-Philippe Lang

Adds translation string for hours with symbol (#21069).

Revision 14766 - 2015-10-30 09:56 - Jean-Philippe Lang

Fixed that #l_hours_short shows 2 h (#21069).

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Translation string added in r14759.

#5 - 2015-10-29 20:37 - Daniel Ritz

Errm...it's now showing stuff like "2.5 h h":

```
def l_hours_short(hours)
-  "%.2f h" % hours.to_f
+  l(:label_f_hour_short, :value => ("%2f h" % hours.to_f))
end
```

i.e. the format string still contains the " h"...
