

# Redmine - Defect #2111

## Hook issue in some places of redmine

2008-10-30 12:34 - Diego Sousa

<b>Status:</b>	Closed	<b>Start date:</b>	2008-10-30
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Eric Davis	<b>% Done:</b>	100%
<b>Category:</b>	Plugin API	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.8	<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		

### Description

I'm with a problem with hook api, i made a plugin to make time\_entry accept other fields like start hour, end hour and break time instead only hours, in the issue view, the hook works very nice in view and in controller, than i was trying to change in time log too, the view works fine, but when i put the hook in controller i get a error, i all ready tried to call a empty hook call\_hook() and i get error....

```
@Processing TimelogController#edit (for 127.0.0.1 at 2008-10-30 09:39:31) [GET]
Session ID: f71a27b45be5f23aeb42c0cb88dc20b4
Parameters: {"action"=>"edit", "issue_id"=>"2", "controller"=>"timelog"}
SQL (0.000366)  SELECT max("settings".updated_on) AS max_updated_on FROM "settings"

## Associated revisions

### Revision 1979 - 2008-11-06 06:37 - Eric Davis

Included Redmine::Hook::Helper to ActionController::Base so call\_hook  
is available in all controllers. #2111

## History

### #1 - 2008-10-30 13:43 - Diego Sousa

i found the problem, in IssuesController i dont get error because of mixin with IssuesHelper and inside IssuesHelper have a mixin with ApplicationHelper that include the Redmine::Hook::Helper that have the method call\_hook, TimelogController has a mixin too with TimelogHelper but TimelogHelper dont have a mixin with ApplicationHelper, well instead of mixin every helper i changed the hook.rb file lib/redmine/hook.rb in the last line i add **ActionController::Base.send(:include, Redmine::Hook::Helper)** now all the controllers have the call\_hook method.

### #2 - 2008-10-30 16:38 - Eric Davis

- Category set to Plugin API
- Status changed from New to 7
- Assignee set to Eric Davis
- Affected version (unused) set to devel

Good research, I knew somewhere the Redmine::Hook::Helper wasn't getting mixed in but I didn't have the time to debug it. I should be able to create a fix for this soon.

### #3 - 2008-11-06 06:39 - Eric Davis

- Status changed from 7 to Resolved
- Target version set to 0.8
- % Done changed from 0 to 100
- Resolution set to Fixed

Redmine::Hook::Helper is now included in ActionController::Base so call\_hook is available in all controllers. Thank you for your bug report and the research. [r1979](#)

### #4 - 2008-11-11 16:09 - Jean-Philippe Lang

- Status changed from Resolved to Closed

Closing this ticket since it seems to be fixed.
