I tried this over 0.8.4 and I get this error when I run.

```
# rake redmine:migrate_from_trac RAILS_ENV="production" --trace
(in /var/www/rails/redmine-0.8.4)
** Invoke redmine:migrate_from_trac (first_time)
** Invoke environment (first_time)
** Execute environment
** Execute redmine:migrate_from_trac
```
