Redmine is fun :)			

History

#1 - 2008-11-06 13:22 - Cyrus Amiri

this is so awesome! I was about to write my own blog plugin!

#2 - 2008-11-11 10:34 - Jean-Philippe Lang

- Target version deleted (0.8)

#3 - 2010-04-22 10:34 - Stanislav German-Evtushenko

Does it work with the 0.8-stable and 0.9-stable?

#4 - 2010-04-22 10:43 - Anh Kỳ Huỳnh

- Status changed from New to Resolved

- % Done changed from 0 to 100

My plugin is very out-of-date. You should try this one http://www.redmine.org/wiki/redmine/Plugin_List#Blog-plugin

Regards,

PS: This issue should be resolved due to out-of-date status.

Strange... Do you try to contact the author (<http://www.redmine.org/users/4018>) ?

I wrote him and I'm waiting for an answer at the moment.
Did you try that plugin?

No, I didn't. In fact, I write my own plugin for blog. Because I made some deep changes in Redmine core, my plugin becomes incompatible with any pure versions of Redmine -- so I keep it in my private box.

I hope you will get the reply from Andrew Chaika soon. Or you are going to write your own plugin :)

- *Status changed from Resolved to Closed*

Closing this, patch is incompatible with current versions.

FTR: 2.0.x compatible fork can be found via [RE: Redmine Blog Plugin](#) at https://github.com/ichizok/redmine_blogs.
