

Redmine - Patch #21378

Include Documents in Projects API

2015-11-29 19:08 - Helder Manuel Torres Vieira

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:			

Description

This patch adds documents to the Projects#show API.

They will be shown only if the include=documents parameter is passed on URL

The behaviour is exactly the same as for issue categories, trackers and modules.

Patch and Tests are included.

JSON Example

GET /projects.json?include=documents

```
{
  project: {
    id: 1,
    name: "Test Project",
    identifier: "test-project",
    description: "",
    homepage: "",
    status: 1,
    documents: [
      {
        id: 1,
        title: "Document 1",
        description: "Description 1",
        category: {
          id: 1,
          name: "Uncategorized"
        },
        url: "https://redmine/documents/1",
        created_on: "2015-11-29T12:19:16Z"
      }
    ],
    created_on: "2015-11-29T12:11:34Z",
    updated_on: "2015-11-29T12:11:34Z"
  }
}
```

History

#1 - 2015-11-29 19:25 - Helder Manuel Torres Vieira

Added **updated_on** record and re-tested on Last Trunk (14901)

#2 - 2015-11-29 21:31 - Helder Manuel Torres Vieira

- *File include_documents_in_projects_api_v1.patch added*

#3 - 2015-12-29 04:45 - Toshi MARUYAMA

- *Target version set to 3.3.0*

#4 - 2016-01-31 10:37 - Jean-Philippe Lang

- *Target version deleted (3.3.0)*

I'd like to improve the documents feature in a near future (directories...). The documents API should be added after that.
