Redmine - Feature #21416

Hide "status" field from new version form when it is called from modal dialogue from the issue form

2015-12-03 18:17 - Tobias Fischer

Status:	Closed		**Start date:**

Target version:				
Resolution:	Duplicate			

Description
When creating a new version from within the issue form field with the modal dialogue, the "status" option should be hidden. It makes no sense to set this newly created version to "closed" or "locked" because then, it isn't selectable from the isuee form field.
