<b>Description</b>			
There are two urls describing wiki syntax			
<ul style="list-style-type: none"><li>• <a href="#">RedmineTextFormatting</a></li><li>• <a href="http://www.redmine.org/help/en/wiki_syntax_detailed.html">http://www.redmine.org/help/en/wiki_syntax_detailed.html</a></li></ul>			
It seems that the second is older. How are they synchronised?
