

Redmine - Defect #2149

Git Adapter date parsing ignores timezone

2008-11-08 14:53 - Kevin Chan

Status:	Closed	Start date:	2008-11-08
Priority:	High	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:	0.8	Affected version:	
Resolution:	Fixed		
Description			
Git adapter uses Time.parse() on the date string, in the format Sat Nov 8 02:20:44 2008 -0800			
Time.parse() is unable to parse the timezone in the above date correctly:			
in irb:			
<pre>>> Time.parse("Sat Nov 8 02:20:44 2008 -0800") => Sat Nov 08 02:20:44 -0600 2008</pre>			
The correct output should be the following (notice the placement of the year segment)			
<pre>>> Time.parse("Sat Nov 8 2008 02:20:44 -0800") => Sat Nov 08 04:20:44 -0600 2008</pre>			
This is causing a major issue with the repository to have incorrect times.			

Associated revisions

Revision 1995 - 2008-11-08 16:50 - Jean-Philippe Lang

Tells git to output dates in ISO format.
Fixes: Git Adapter date parsing ignores timezone (#2149).

History

#1 - 2008-11-08 16:51 - Jean-Philippe Lang

- Status changed from New to Resolved
- Resolution set to Fixed

I added --date=iso option to git commands in [r1995](#).
That should fix the date parsing problem. Can you confirm?

#2 - 2008-11-08 17:33 - Kevin Chan

You changed path to git in your commit.
Might want to change that back.

#3 - 2008-11-08 18:16 - Jean-Philippe Lang

Sorry, fixed. Can I close this ticket ?
