

Redmine - Feature #21532

Adding OR and XOR request to REST API and issue filters

2015-12-15 19:10 - Nils Grimm

Target version:	
Resolution: Duplicate	
Description Easiest case: If an issue has multiple boolean custom flags. <code>CF_01 = 1 AND (CF_02 = 1 XOR CF_05 = 1)</code> This can in the moment only be queried in multiple queries and later on filtered. This option would be great for the REST API and the normal GUI filter.
