

Redmine - Patch #21541

Russian translation improvement

2015-12-16 12:17 - Serghei Zagorinyak

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Translations	Estimated time:	0.00 hour
Target version:	3.3.0		
Description			
In current translation for label <code>_last_week</code> : 'последняя неделя' the word 'последняя' means 'last' as 'ultimate', not as 'one before'. E.g.: The last week of summer.			
The right translation should be label <code>_last_week</code> : 'прошлая неделя' - week before now.			
Same for label <code>_last_month</code>
