

Redmine - Defect #21580

After changing a sub issue in the issue via right click and content menu the page is reload but no repositioned

2015-12-21 19:56 - Nils Grimm

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	3.2.0
Resolution:			
Description			
If a change has been done via right click content menu in the issue sub task list the refresh will always scroll the webpage to the start.			
On larger tickets the user has to scroll down again.			

History
