Redmine - Defect #2169

Byte Order Marks in Polish language files

2008-11-13 02:19 - Juanjo RG

Status:	Closed		**Start date:**	2008-11-13
Priority:	Low		**Due date:**	2008-11-21
Assignee:	Azamat Hackimov		**% Done:**	0%
Category:	Translations		**Estimated time:**	0.00 hour
Target version:	0.8			
Resolution:	Fixed		**Affected version:**	

Description

There is a little problem with the Polish language files. It was introduced at [r1928](). In both pl.yml and jstoolbar-pl.js the first line is:

```
 // Keep this line in order to avoid problems with Windows Notepad UTF-8 EF-BB-BF idea...
```

It has 3 hidden BOM bytes at the beggining of the line. The problem rises if you try:

```
rake gloc:sort
```

Redmine will not start again until you delete this line (now placed the last).

Tested under Windows XP and Vista.
