

Redmine - Patch #21847

Let mobile header be fixed

2016-01-26 11:31 - Felix Gliesche

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	UI - Responsive	Estimated time:	0.00 hour
Target version:	3.2.1		
Description			
It's a common pattern to have a fixed header for mobile devices in order to have important menu points always available instead having to scroll back to top.			
This patch makes the header fixed on mobile devices.

- File 21847-calendar.png added
- Target version set to Candidate for next major release

Thanks for the improvement!

But I have experienced some z-order related problem in gantt and calendar. please see the following screenshots.

- File 0001-Let-mobile-header-be-fixed.patch added

Thank you very much for your feedback. I am uploading an updated patch, which fixes the mentioned problems by setting the z-index to a very high value (9999).

#3 - 2016-01-30 03:37 - Jan from Planio www.plan.io

- File deleted (0001-Let-mobile-header-be-fixed.patch)

#4 - 2016-01-30 03:39 - Jan from Planio www.plan.io

Deleting the obsolete patch.

I was also wondering if this should maybe assigned to the next minor version already? It is not a tremendously big change, more of an incremental improvement of the (already released) responsive layout.

Is it okay if I reassign to next minor instead of major?

#5 - 2016-02-17 04:14 - Jan from Planio www.plan.io

- Target version changed from Candidate for next major release to Candidate for next minor release

I'm assigning this to next minor, hoping that's okay. A fixed header is a big win for usability since it keeps the sidebar toggle button in sight always. It's also a relatively small patch that should not break anything.

#6 - 2016-02-23 17:13 - Toshi MARUYAMA

- Target version changed from Candidate for next minor release to 3.2.1

#7 - 2016-03-12 11:01 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

Committed, thanks.
