

Redmine - Defect #2186

Due date calculation not working in german

2008-11-14 09:27 - Martin Bächtold

Status:	Closed	Start date:	2008-11-14
Priority:	Normal	Due date:	2008-11-14
Assignee:	Azamat Hackimov	% Done:	0%
Category:	Translations	Estimated time:	0.00 hour
Target version:	0.8	Affected version:	
Resolution:	Fixed		
Description			
On the page http://domain.dom/projects/roadmap/identifier under each Version you see, when the version is due, i.e. "Due in 47 days (31 December 2008)".			
This is not working when you change the users language to german. Then, it will say "Fällig in (31 December 2008)".

Confirmed.

Message from de.yml "label_roadmap_due_in" missed %s. I will fix this.

#2 - 2008-11-14 14:25 - Martin Bächtold

Thank you.

By the way, the month names are not displayed in german neither (december instead of Dezember).
Do I need to open a new Issue for this?

Greetings
