<b>Description</b> It is very easy to find instances of old, vulnerable Redmine versions, e.g. via <a href="https://duckduckgo.com/?q=%222007+Jean-Philippe+Lang%22">https://duckduckgo.com/?q=%222007+Jean-Philippe+Lang%22</a> .  So, similar to <a href="#">#794</a> , the release year should be shown to logged in users or admins only.
