*- Status changed from New to Needs feedback*

What is "effort"?

**#2 - 2016-03-08 21:14 - Nils Grimm**

Sorry, I switched to the english layout.

The field is named estimated time.

In the ticket view its looking like: estimated time of the parent + (Total: estimated time)
But if the same ticket is saved as pdf the recursive computed (Total: estimated time) is missing.

*- File 22011_patch.diff added*

Here's a quick fix for exporting total_estimated_hours (i.e. including all subtasks) instead of just estimated_hours (i.e. current issue only). It's not as fancy as the web output which shows both but it works for me. Maybe someone else can pick this up and fix it properly.
