Rails version 3.2.16  
Environment production  
Database adapter MySQL  
SCM:  
Filesystem  
Redmine plugins:  
no plugin installed

##### New version:

Environment:  
Redmine version 3.2.0.stable  
Ruby version 1.9.3-p484 (2013-11-22) [x86\_64-linux]  
Rails version 4.2.5  
Environment production  
Database adapter Mysql2  
SCM:  
Git 1.9.1  
Filesystem  
Redmine plugins:

I want to add that when I authorised people in earlier version ,by permitting them to Add notes (in issue tracking authorisation table) they could do these three things ( change prop., add notes and add files) Now they can only add notes and add files.

Thanks
